

**CHESS FOR LIFE Mosman Park PS 2023 Term 1**  
**(Morning Chess Club) Starts Wed Feb 8<sup>th</sup> at 7.30AM till 8.30am**

CHESS FOR LIFE is a programme designed to give children from years 2 to 6 an opportunity to learn how to play the game of chess and to gain from its many benefits. The program has been operating in Perth since 2001.

My object in teaching the children to play the game of chess is to not play the game with no direction, but to develop the ability to formulate tactics and strategies through understanding the concepts behind the opening, middle and end games. The benefits of this are many and research has shown that children who play chess typically have:

- ◆ Strengthened problem solving skills
- ◆ Enhanced reading, memory, language and mathematical abilities
- ◆ An ability to think logically and efficiently, learning to select the best choice from a number of options
- ◆ Demonstrated the importance of planning and the consequence of decisions made

**Most importantly chess is a fun way to teach children how to think and solve an ever-changing and diverse array of difficult problems.**

**Please use the TRYBOOKING link below**

(The cost is based on a 7 week term, with weeks 8/9/10 free of charge but those free weeks will also cover any sick days, school closures etc that the coach or a student may need to take and carry over to the next term.)
